SUMMER 2014

PRESIDENT'S MESSAGE

IT'S SUMMER IN ELBOW PARK!

June is Bike Month in Calgary, and our interconnected pathway system is the envy of many municipalities. When you are out enjoying this unique resource, please remember that the pathway is shared between cyclists, walkers, runners, rollerbladers and skaters. With the pedestrian bridge construction for both the Rideau and Sandy beach crossings moving along on schedule, it shouldn't be long before we are enjoying longer rides and more spectacular river walks.

In conjunction with the Established Communities grant program from the City of Calgary, new landscaping and fencing has been installed around the playground at the community centre. We are also hoping that through the same program we will be able to replace the aging play structure with an updated version. Further environmental and landscaping upgrades to the area will also make the Northwest corner of the park more family friendly and accessible.

Our annual Celebrate in the Park event will take place on September 6. Please save the date and go to www.elbowpark.com to purchase tickets online. We have a lot of great attractions this year, including a cool skateboard park, an inflatable obstacle course, a tent for kids (in addition to the beer tent!) as well as the ever-popular inflatable jousting event.

This year as always, we wanted to remind you that Celebrate is not actually a fundraising event, it is solely a spirit-building event for our community. Your ticket price covers the cost of the event and the entertainment. If you wish to make a donation or help defray costs by sponsoring the event, please contact me at president@elbowpark.com.

Our fundraising goal for clubhouse renovations is within reach. We are hoping to have a final fundraising event this fall so that we can start the renovations as soon as possible. We will keep you posted as plans progress!

Thanks and happy summer!

Paul Bryden
President
Elbow Park Residents' Association

MLA CALGARY-ELBOW

DEAR CALGARY-ELBOW RESIDENTS,

This month, one year ago Alberta was faced with the largest natural disaster in Canada's history in the form of devastating floods. I will forever remember the impact the flood waters had on so many communities and lives across the province, but also close to home here in Calgary-Elbow.

During that time of adversity, in the emergency and recovery of the floods, Albertans displayed remarkable acts of bravery, resilience and compassion. To commemorate these outstanding Albertans, the Alberta Heroes of the Flood program was created to recognize those who went above and beyond to help family, friends, neighbours and strangers get back on their feet. Albertans nominated more than 1,300 individuals, groups, companies and volunteers for their incredible actions.

As we look back on the June 2013 floods, and what we have accomplished since, I am reminded again of how proud I am to be an Albertan, and why our province truly is the best place to live in Canada.

Of course, the past few months has also seen a significant change in my responsibilities. While Premier, I was involved in the issues impacting our constituency, principally flood related, and I am continuing that work now, as your MLA.

The flood mitigation work in the Elbow River is important to us in Calgary-Elbow, and I have been working closely with the Calgary River Communities Action Group on those projects in the past six weeks. Emma May has been a tremendous advocate in the past year, and I am proud to work with her. We saw tremendous progress on that mitigation work at the Flood Symposium in Calgary on April 29th, where we also saw the Alberta Rivers App for iOS and Android devices for flood monitoring released. I am glad this work, which was started when I was Premier, is now being completed.

Even though we were able to open Rideau Park School in September following the flood and accommodate Elbow Park School, which now has full facilities next to Earl Grey School, the redevelopment of Elbow Park School will take a great deal of vigilance to ensure the Government of Alberta and the Calgary Board of Education make this a priority. I am so pleased to work with the Elbow Park School parent council to ensure this happens, because it was a commitment I made to the community.

Please stay in touch with our office on all matters that are important to you, where you think I can be helpful.

I look forward to seeing you this summer!

Kind regards,
Alison M. Redford, QC

PARK 'N' PLAY & STAY 'N' PLAY

Looking for some free, high quality programs for your kids this summer? The City offers a variety of programs including many different activities. The programs are designed to help children make new friends along with learning new games and activities in a safe environment, while also learning skills that they can use on their path to healthy and active lifestyles.

These free drop-in programs are for children and are available in various community locations across Calgary, and are led by qualified City staff. Stop by sites all summer long to experience games, crafts, theatre, and more.

Park n' Play is for ages 6 – 12. Stay n' Play is for ages 3 – 5 and children must be accompanied by an adult. Programs run weekdays through July and August, and are weather dependant. Community & Neighbourhood Services encourages you to supply them with your information by pre-registering prior to program starting to help you save time filling out forms at the program when you arrive. Pre-registration does not guarantee entry.

COMMUNITIES THAT WILL BE SEEING PARK 'N' PLAY AND STAY 'N' PLAY SITES INCLUDE:

Beltline, Killarney/Glengarry, Westgate, Bankview, and many more.

Please see www.calgary.ca/cns for the full 2014 schedule and locations.

Backyard Play Safety

With summer approaching, Alberta Health Services EMS would like to encourage parents to ensure their backyard play areas are made safe. Direct supervision is the best method to reduce the chance of injury. It is also prudent to ensure play equipment in your yard is suitable for the age and skill of the children using it. Don't forget to check the equipment often, and repair any worn or broken parts. Set up play equipment on a shock-absorbing surface such as sand, wood chips, or pea gravel. Grass may not adequately cushion a fall.

Water hazards

- Ensure all backyard swimming pools are fenced. The fence should be at least 1.5 metres (5 feet) high and have a self-latching, self-closing, lockable gate;
- Drowning contributes to unintentional injury-related death among children ages one to four;
- Children can drown in just a few centimetres of water, if it covers their mouth and nose.

Lawn and garden tools

- Keep young children away from outdoor power equipment. Serious burns may result from touching hot engine surfaces;
- Ensure that all tools, fuel, chemicals, and other hazardous substances are stored in a secure, locked area. A simple latch may not be sufficient.

Insect bites and stings

- Minimize the risk of attracting insects by not wearing strong perfumes or scented lotions;
- Avoid wearing brightly coloured clothing outdoors;
- Consider destroying, or re-locating hives and nests situated near your home;
- To avoid a bite in case of accidentally stepping on a stinging insect ensure your child wears shoes, or sandals;
- If your child has received an 'EpiPenJr' prescription from your physician (for serious anaphylactic emergencies only) ensure they understand when and how to use it;
- If your child experiences a severe reaction to an insect sting, seek medical attention, or call 9-1-1.

ELBOW RIVER PEDESTRIAN BRIDGES REPLACEMENT PROJECT

UPDATE MAY 2014

Progress continues to be made on replacing the three pedestrian bridges along the Elbow River damaged in the floods of June 2013. As we head into spring, construction will begin and move very quickly in order to meet the tight timelines necessary to have these bridges ready for use by the end of December*.

*Construction timelines can change and can be impacted by design changes, supply of material, fabrication schedules, permitting, utility relocations, site conditions, weather and other circumstances.

UPDATED RENDERINGS COMPLETE

The updated renderings of the bridge design are now complete and include the design preference selections made by the public in March. The design renderings are posted on the project web page at www.calgary.ca/elbowbridges.

WHAT HAS BEEN COMPLETED SO FAR?

- In order to prepare for construction, temporary construction fencing has been installed at each construction site in order to ensure site safety. Full Personal Protective Equipment (PPE), including steel-toed boots, safety vest and hardhat are required to enter the construction zone as well as permission to be there.
- Armouring the bank at all three bridge sites is complete.
- Demolition of the existing abutments is complete.
- Water Resources is also restoring the bank that was disturbed in the flood in the Sandy Beach area. They will be hauling rock along Riverdale Avenue to armour the shoreline. Approximate timelines for this work are from now until June. There is a map on the web page showing construction areas in Sandy Beach.

WHAT HAPPENS NEXT?

- A construction schedule is being developed.
- Piling will begin in late May using an auguring process.
- Construction will progress on the bridges as materials become available for the different stages of construction.
- A weekly update on construction will be posted on the project web page as we move into construction season.

GENERAL CONSTRUCTION IMPACTS

Large trucks and heavy equipment will be travelling along residential streets and there will be noise and other disruptions associated with construction. There may also be intermittent and very short-term road closures in order to facilitate construction.

For more information on the project, please visit www.calgary.ca/elbowbridges. Please call 311 for more information.

DOG LEASH GUIDELINES

Dog leash guidelines are regulated by the Responsible Pet Ownership Bylaw, as well as the Parks and Pathways Bylaw. Calgary is an “on-leash city”, meaning that dogs must be on a leash unless they are on their own property or in an area that is designated by signs as an off-leash area.

A DOG MUST BE ON A LEASH:

- At all times when not on the owner’s property.
- On all pathways (pathways have a surface of asphalt, concrete or brick).
- When on a pathway the following rules apply to dogs:
 - A dog’s leash cannot be more than 2 meters long.
 - A dog must stay on the right hand side of the pathway, unless moving around other pathway users.
 - A dog must be under the owner’s control at all times, and not interfere with or obstruct any other pathway user.

A DOG CAN BE OFF-LEASH:

- In areas designated by signs as off-leash areas.
- Some pathways cut through off-leash areas. On some of these pathways, dogs may be off leash if there are signs indicating that this is allowed.

OFF-LEASH AREAS:

While you are enjoying the off-leash area, please remember to:

- Make sure you have control over your dog, ensuring that he or she is in your sight, and comes back to you when called.
- Be courteous to your fellow dog owners. Do not allow your dog to bother other dogs or their owners.
- Stoop & scoop. The fine for not immediately picking up after your dog is \$250.
- Deposit your poop bags in an appropriate receptacle.

REDISCOVER YOUR RESILIENT SPIRIT
